

# The Apple Tree Project

A Community  
Initiative Supporting  
Pre K – 5 Education  
in the San Luis Valley

Designed to help schools obtain back-to-school essentials that don't fit into the schools' budget, which teachers are purchasing on their own.

## How Can You Help? Starting in June...

- **Pick apples** from apple trees located at San Luis Valley Health that bear wish lists from Pre-K thru 5 educators, purchase items listed on the apples, then return items to San Luis Valley Health.
- **Cash donations** will be accepted to help fulfill wish lists.
- **Purchase** any school supplies you wish, then drop them off at San Luis Valley Health.
