

# Resetting Your Username and/or Password

You can reset your own log in information by going to the patient portal log in screen and selecting the option that fits best. You will be allowed 3 attempts before getting locked out.

By clicking [Forgot Logon ID?](#) you can reset your own username and password by entering your email address and submitting a request to reset credentials. You will receive an email from “Your Trusted Partner in Health.” Open the email and follow the directions to create your new log in info.

By clicking [Forgot Password?](#) you will be able to reset your password, without resetting your log on ID. By entering your Logon ID and email address, our system will send you an email to reset your own password.

Your Trusted Partner in Health

Welcome to the San Luis Valley Health Patient Portal. Existing users can login using the fields above. Please call any SLVH location to enroll if you have not already.
